

CONVERRA INDUSTRIES

Your Project, Our Precision
Your Vision, Our Promise

 Registered Address :-
Shade No.9, Shivam Estate, Vasna Chacharavadi,
Ahmedabad, Gujarat-382213

About Us

- Converra Industries Pvt. Ltd. is a forward-looking Wiring Harness Manufacturer dedicated to providing high-quality, reliable, and customized interconnection solutions for diverse industrial and automotive applications.
- Founded with a vision to connect innovation with precision, we specialize in the design, development, and manufacturing of wire harnesses, cable assemblies, and electrical interconnect systems that meet the evolving needs of modern technology and industry.
- At Converra, we combine engineering expertise, advanced manufacturing processes, and strict quality control to ensure every harness delivers consistent performance and durability. Our commitment to excellence, on-time delivery, and customer satisfaction makes us a trusted partner for OEMs and component manufacturers across Global.

Company Vision & Values

- Vision: To be a trusted global partner in delivering high-quality, reliable, and customized wire harness solutions.
- Customer First: Building long-term partnerships through responsive service and commitment.
- Quality Promised: Every product undergoes stringent testing to meet global standards.
- Innovation Driven: Continuously improving our processes with advanced manufacturing techniques.
- Integrity & Transparency: Ensuring honesty and ethical practices in all business dealings.
- Sustainability: Committed to environmentally responsible manufacturing and material usage.

About the Company

- A startup led by highly qualified engineers with 15+ years of wire harness manufacturing experience.
- Expertise in automotive, industrial, and electrical harness assemblies.
- Dedicated engineering and quality teams focused on cost-effective, reliable solutions.
- Ability to design, prototype, and manufacture custom wire harnesses.
- Advanced testing and inspection ensuring zero-defect delivery.

Facility Details

Total Area: 9,000 sq. ft.

- 3 High-end Automatic Crimping Machines.
- 1 Automatic Wire Cut & Strip Machine.
- Pneumatic and Semi-Automatic Crimping Tools.
- Pull Test Machine, Cross-Section Microscope, Continuity Testers.
- Separate zones for Cutting, Crimping, Assembly, and Inspection.

Capabilities

- Manufacturing of custom and precision wire harness assemblies.
- Prototype development & validation
- Prototype to mass production capability.
- Expertise in multi-core, battery, sensor, and control panel harnesses.
- Flexible setup for low and high-volume production.
- Compliance with automotive and industrial standards.
- Traceability and in-process quality monitoring
- Labeling, routing, and assembly as per OEM standards

Machinery:-

- Automatic cable Cutting, Sheathing Machine

- Manual Crimping Machines

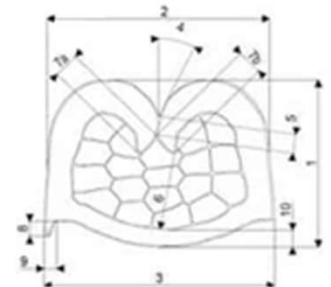

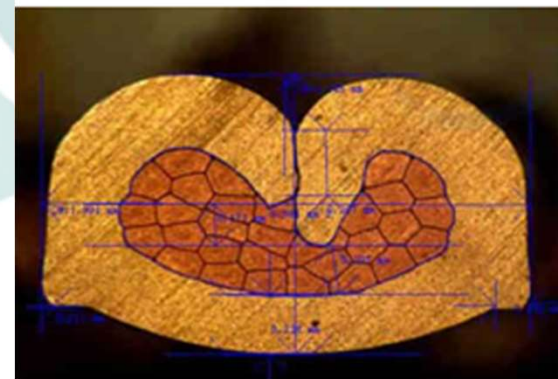

Quality Instruments:-

- Motorized Pull Tester

- Terminal cross section analyzer analysis system

Quality & Compliance

- 100% inspection before dispatch.
- Continuous improvement via Kaizen & 5S practices.
- Batch traceability and documentation maintained.
- Focus on Right First Time and Zero Defect principles.

Engineering & Design Support

- In-house design using AutoCAD / EPLAN / SolidWorks Electrical.
- Support for creating wiring schematics and BOMs.
- Reverse engineering of customer samples.
- Feasibility studies and PPAP documentation.

Customer Segments

- Automotive (2W, 4W, EV)
- Industrial Automation
- Agriculture Equipment
- Consumer Electronics
- Appliance Harnesses
- Industrial Equipment Harnesses
- Energy & Power Solutions

OUR VALUED CUSTOMERS

-  **Odysse Electric Vehicles Pvt. Ltd.**
Leading Electric Vehicle Manufacturer
-  **Auto Power**
Power & Electrical Solutions
-  **HK Power**
Battery & Energy Solutions
-  **SARJAN**
Industrial Manufacturing Solutions
-  **FRIGATE**
Engineering & Industrial Solutions

"Your Project, Our Precision – Your Vision, Our Promise."

Our Commitment

- At Converra Industries, we connect innovation with reliability.
- Delivering quality wiring solutions that empower your products.
- Building long-term partnerships through trust and excellence.
- Turning your vision into our promise.
